Health Report

December 30, 1969

Mrs. Opal Bronson
Town Clerk
Jefferson, N. H.

To the Citizens of the Town of Jefferson:

During the year 1969, 50 visits were made in the community. These visits are classified as follows:

Cardiac	3	Mental Health	5
Cerebral Vascular Accid.	8	Orthopedic	6
Health Supervision	28		

Three children are being followed in the Crippled Children's Clinics in Berlin, and two children are being followed in the Pediatric-Cardiac Clinics in Lancaster.

Preschool children have attended the Child Health Stations in Lancaster and the Immunizations Clinics in Whitefield this year.

To be in harmony with the life forces of today's world, the accent of our efforts must fall on involvement. Action takes place at home. It is here that ideas are born and programs are carried through. The joint efforts of individual members of the community are needed for an accurate appraisal of the gaps between services and needs in that community. Viewed in this light, responsible citizens from all walks of life should come together and take action to improve community health. Local action moves concern into action.

Our social and cultural aspirations have risen to the point where the best in medical care is considered a right for all rather than a privilege for a few.

Those of us engaged in public health, are eager to help local groups — help themselves; but, we need and solicit your cooperation in keeping us informed of your local health problems, so that we can be available for guidance and counseling in your community, as the need arises.

I wish to express my gratitude for the cooperation extended by the Citizens of Jefferson during the past year, and it has been a pleasure to serve you.

Respectfully submitted,
Eleanor D. Kenney, R. N.
Public Health Nurse, Dist. No. 2
N. H. State Dept. of Health
